

UNITED STATES OF AMERICA,  
  
Plaintiff,  
  
vs.  
  
DEVALOIS LEBRON,  
  
Defendant.

**ORDER DENYING MOTION TO  
RELOCATE WITHOUT PREJUDICE  
(ECF No. 38)**

The Court has read Defendant's Motion and hereby finds that Defendant's Motion is filed prematurely. Accordingly,

Defendant is directed to develop a release plan with his case manager at the Bureau of Prisons. Once a release plan has been prepared, Defendant's case manager shall then forward that plan to the Western District of Washington with a request that they conduct a Pre-Release Investigation, in order to determine whether a transfer of supervision to the Western District of Washington is appropriate. Once the proper forms have been submitted to the Court, Defendant may refile his Motion for Relocation for this Court's reconsideration.
